

Weekly Update

August 7, 2015

Dear Parents & Guardians,

There is a lot of information in your child's Friday folder that needs to be signed and returned (a military and technology paper-both must be signed). Please look through it carefully. I am sending a hard copy of this first letter home today in case you did not receive it in your email. If you did not receive it in an email, please send me a note with your email address on it. In addition to weekly newsletters, I will send use sign up genius throughout the year and other reminders through email. If you do not have access to a computer please let me know. My newsletter will also be posted on my website, which is available through the Holly Springs website.

The first semester AIG nomination for consideration window is now open. If you would like to nominate your child for the Academically or Intellectually Gifted Program, please e-mail me. **All first semester nominations are due no later than Sept 9.** I will review your child's current learning behaviors and most recent testing data and determine if a referral for AIG testing is warranted at this point in time. If a referral is not warranted this semester, please consider nominating your child for consideration during the second semester window, which will open December 2015

Math Corner

It is important to study multiplication and division facts. It is important to commit all multiplication fact to memory!

We have been working on place value and rounding. We will begin addition and subtraction with large numbers.

Reading Corner

We have set goals for ourselves in reading and have focused on theme and inferencing this week.

Please be sure that your child is reading 20 minutes each night to build fluency and comprehension.

Writing Corner

We are discussing and reviewing the writing process. Students are focusing on narratives and complete sentences.
